

SAY!

Isn't it a fact that you are having a lot of trouble in your garden with Scale, Drought, Leaf Curl, and all the rest of the big family that seem to like flowers and fruit trees just as much as you do? If so, you should try Sherwin-Williams.

Lime-Sulfur Solution

This is one of the best parasitic insect destroyers, and is also particularly valuable for killing lice on animals. For Rose Aphid and Rose Slugs, a diluted solution is very effective.

We also have a good stock of Sherwin-Williams PARIS GREEN, which is sure death to Bugs—kills every time.

Remember! SHERWIN-WILLIAMS CO. put up both these articles, and anything with their name on is all right every time.

JEFF AND JACK BOX AT EMERYVILLE.

EVERYTHING IS NOW SETTLED

President Williams Gives Consent for Contest to Be Pulled Off at Race Track—Big Crowd Will Be Handled in Style.

Jim Jeffries and Jack Johnson will fight for the heavyweight championship of the world at the Emeryville race track, in an arena that is to be specially constructed for them. The official announcement that Emeryville had been selected was forthcoming from Tex Rickard and Jack Gleason last night, the two promoters visiting the "Chronicle" to make the statement doubly sure. Gleason declares that there never was any difference of importance between himself and the American and now that the all-important subject has been settled they will prepare for the handling of the fight.

The selection of Emeryville came late in the afternoon, following a conference that Rickard held with Thomas H. Williams, president of the New California Jockey Club, which owns the race track, and Mayor Christie of Emeryville. The latter declined to speak for the trustees of Emeryville but assurances have been given the promoters that at the meeting of the trustees next Monday night, the point will be granted.

President Williams has given the necessary consent for the use of the Emeryville track and only the general details that come with a big fight are to be handled. Jack Gleason was not present at the conference, but he declares that he thoroughly understood what was taking place and that he had refrained from taking an active part in order to have no more publicity than was necessary before the official statement could be made.

Whether the grandstands at the track can be used in seating the crowd or a new arena will have to be erected is a question that will have to be taken up with the architects at once. It is more than likely that a new arena will be built inside the mile course at the track, and it will be so arranged that the capacity can be increased at short notice to accommodate any number of spectators.

Rickard will leave very shortly for Nevada, where his business interests demand his immediate attention. He will return here about the 1st of May, however, and be in San Francisco until after the fight. Gleason is to open offices at once in the Flannery building, but in two or three weeks will leave for Chicago and New York to arrange for transportation facilities. The promoters look for a good attendance from the Eastern points, and it is Gleason's idea to arrange for excursion parties.

Gleason was the spokesman last night for the promoters. He said:

"We have agreed to handle the fight in Emeryville. President Williams has promised to allow us the race track for that purpose, and Mayor Christie of Emeryville is willing to grant the permit. Of course, it is up to the trustees to take official action, but we do not expect any trouble on that score. There is no limit to the seating capacity that we can arrange and the accommodations across the bay are perfect. People know Emeryville well from having attended the races, and it is practically the same as having the fight in San Francisco. Men accustomed to handling crowds will be in charge and there will be absolutely no hitch."

The Diamond Heads and J. A. Co. will hitch up again tomorrow afternoon at the Athletic Park, and the game promises to be a better one than that of last week. The Japanese have strengthened their team a lot and they are determined to make the Jewels get a move on tomorrow. There will be a preliminary game between the Muhocks and Asahis and it, too, should be close and exciting.

It has been decided to postpone the tug-of-war till next Saturday as the Athletic Park is in a bad state through the heavy rain that fell during the night.

COMING EVENTS.

Secretaries and managers of athletic clubs are invited to send in the dates of any events which they may be getting up for inclusion under the above head. Address all communications to the Sporting Editor, Bulletin.

Baseball.
March 20—Diamond Heads vs. J. A. C.
March 27—Diamond Heads vs. J. A. C.

Horse Racing.
WAILUKU.
July 4—Inter-Island meet.
Trans-Pacific Yacht Race.
July 4—Start from San Francisco.
World's Championship Fight.
July 4—James Jeffries vs. Jack Johnson.

HUDSON.

FIVE HUNDRED MILES RUN

EXPERT ODELL FINISHES TEST

Not the Slightest Piliakia With Engine—The Records and Figures Show Good Work Done.

The five-hundred-mile-non-stop engine demonstration of the Hudson Twenty, which has been going on since half past three on Thursday afternoon, came to an end late last night when the allotted five hundred miles had been registered on the speedometer.

The test has been under the direct supervision of disinterested persons, one of whom has been in the seat with the chauffeur at different times during every moment of the time that the engine has been running.

Reports of the action of the engine from the time that it started till it was slowed down after making the grand total of five hundred miles, with the engine sealed against any tampering, are made by those who occupied the seat with the chauffeur.

These reports, which are signed by all of the observers, for the time that they were in the car, state that the engine was not stopped once during the run of five hundred miles. There were times when the car was stopped for a few seconds at the curb for the purpose of taking on or letting off observers, but during this time the engine was not stopped or even slowed down.

The following is a record of the run: Started at 3:30 p. m., March 17. Finished at midnight, March 18. Total time elapsed, 32 hrs. and 50 mins. Actual running time 30 hours.

Fuel—26½ gallons, averaging 18.86 miles per gallon.

Oil—7½ quarts, averaging 66.66 miles per quart. Oil, 1 quart in transmission.

Water—1 quart.

Average revolutions of engine about 540 per minute.

Idle about 3 hours making actual running time about 30 hours.

Average speed 15.1 miles per hour. Speedometer now shows 597 miles.

At 9 o'clock this morning the engine was still running.

JUNIORS.

PUNAHOU WINS OUT IN MEET

MANY JUNIOR RECORDS BROKEN

Coney and Gay Boys Put Up Fine Figures—All Young Athletes Show Great Promise—A Big Crowd Present.

Out at Alexander Field yesterday afternoon, the junior schoolboys had a fine lot of sport, and some of their running and other events were remarkably good. The Punahou Preparatory School and Central Grammar School met in track events, and the former team won by a total of 63 1-2 points to 28. The Kaunabalu boys got into third place with 31 1-2 points, and will do better next time.

No less than eight of the junior records were broken, and if the seniors only do as well this afternoon there will be joy in Honolulu. Coney was responsible for some good times, and he put up the following records: 50 yards, 5-4-5 seconds; 100 yards, 11 seconds; 220 yards, 25 1-5 seconds.

These were fine performances for the boy to put up, and he is to be congratulated. Lawrence Gay cut out the half-mile in 2 minutes 34 3-5 seconds. Ernest Gay cleared 15 feet 5 1-2 inches in the broad jump, and shows promise of being as good as McCandless in time. Will Inman heaved the 12-pound shot 39 feet 9 inches, and Sanford Blake got over a height of 8 feet 4 inches in the pole vault.

The half-mile relay race was cut out in 1 minute 50 seconds, and was won by the Punahous. Coney of the Puns scored 18 points, Blake of Central Grammar School was second in the individual scores, with 14 points.

A big crowd attended the meet, and most of the boys who are to compete today in the big track affair were on the ground. The different events and figures were as follows:

50-yard dash—Coney (P. P. S.); Parish (C. G. S.); Podmore (P. P. S.); 5-4-5 seconds.

100-yard dash—Coney (P. P. S.); Murray (P. P. S.); Parish (C. G. S.); 11 seconds.

220-yard dash—Coney (P. P. S.); Parish (C. G. S.); Silva (C. G. S.); 25 1-5 seconds.

440-yard dash—Blake (C. G. S.); Brown (P. P. S.); E. Gay (P. P. S.); 1 minute 51-5 seconds.

880-yard run—L. Gay (P. P. S.); Pogue (P. P. S.); Sakuchi (K. S.); 2 minutes 34 3-5 seconds.

1 mile run—Pogue (P. P. S.); Wong (C. G. S.); Gurrera (K. S.); 5 minutes 55 seconds.

Shot-put—Luman (P. P. S.); Silva (C. G. S.); Murray (P. P. S.); 39 feet 9 inches.

High jump—Baldwin (P. P. S.); Coney (P. P. S.); Blake (C. G. S.); 4 feet 9 inches.

Broad jump—E. Gay (P. P. S.); Blake (C. G. S.); Ping Kong (K. S.); 18 feet 5 1-2 inches.

Pole vault—Blake (C. G. S.); L. Gay (P. P. S.); G. Brown (P. P. S.); Denichi (K. S.); 8 feet 4 inches.

One-half mile relay—Punahou Preparatory School; 1 minute 50 seconds.

Ribbons were awarded to prize winners, and a handsome silver cup was presented to the champion team.

There was a good gathering at the meeting of the Honolulu Cricket Club last night, and the following officers for the coming year were elected: President, R. A. Jordan; vice-president, R. Anderson; secretary, J. H. Piddis; treasurer, J. R. M. Maclean; captain, J. C. McGill; vice-captain, C. F. Maxwell; executive committee, H. B. Bailey, H. G. Winkley, T. P. W. Gray.

The Outrigger Club will do stunt this afternoon, and the Clark cups will be competed for by the youngsters.

YACHTING.

PEARL HARBOR CRUISE TOMORROW

YACHTS TO START AT TEN O'CLOCK

Fine Trip and Many Events to Be Picked Up on Leeches—Few Tickets Still Left for Sale—Get Easy and Buy One.

All those who have not already purchased a ticket for the yacht cruise tomorrow to Pearl Harbor had better get busy right away. The passes are going off quickly and although there are still some left, they may be all sold out at any time today.

The trip to Pearl Harbor is attracting the attention of lots of people who never think of going out for a sail on ordinary occasions. The prospect of being able to see the place that Uncle Sam is turning into one of the best fortified harbors in the world, is very pleasing to all the people who live in these islands.

Then the rowing, sailing and swimming races are going to be the best ever held at Pearl Harbor, and some very close and exciting events are predicted.

At 10 o'clock sharp, the Hawaii and other craft will get under way and the sight will be a beautiful one. The Hawaiian band will play during the trip down and also at the club house when the excursionists land.

The lunch will be a good one and anyone who likes a day in the open and a good program of sports had better make arrangements to sail on one of the yachts tomorrow. And the object of the cruise should not be forgotten either; it is to get enough money together to fit the yacht Hawaii out for the trans-Pacific race and all Hawaii is doubtless interested in that event.

BARRY'S YARN.

RUSSIANS PLAY NEAR-BASEBALL

FUN OVER ON QUARANTINE ISLAND

Immigrants Kave Two-Bag Game—Hit the Runner and He Is Out—Stones As Scoreboard.

Sergeant Barry, the well-known N. G. H. baseball manager and enthusiast, is having the time of his life over on quarantine island with a Russian ball team which is certainly the funniest thing that ever existed. The sergeant describes the way the Russians play the game in the following words:

"The game is played with two bases—home and second. The bags are sixty feet apart. Eleven men go out in the field and eleven men go down the bench. One man holds down second and the rest of the bunch spread all over the field. There is no catcher, but a 'pitcher' stands five feet to the right of the batsman and tosses the ball about six feet into the air. Then the batsman makes a wild swipe at the ball and, if he hits it, starts to run to second. All of the fielders run after the ball, and whoever gets it takes a pot shot at the runner, and if the latter is hit, he is out; if the ball misses him, he gets home safe, and another man comes up to bat.

"Each man has only one chance at bat and consequently sometimes they have four or five men on second, and the bag looks a bit crowded. One big husky guy comes up to bat and makes a hit, and then the whole four or five men get home at once.

"Some of the Russians can run fast, and I tried my best to teach them how to play the real article in ball. There was considerable trouble as regards signals, as most of their words are so long that a man is out and back on the bench before the bunch of syllables that mean 'steal,' or something else, can be pronounced.

"The Russians can not catch a ball on the fly—not even in their hats; and they try that at times. They keep score by the aid of a pile of stones, but it is too big a contract to count the rocks when a game is over. The losers in the game I am describing had to pack the winners from the home plate to second and back on their shoulders. Then the rival teams gathered together, and gave three cheers for 'Woronofski,' and the sport ended.

Barry still has hopes—he is a brave man—of getting the Russians to take to the American game, but the chief difficulty is to get them to forego the pleasure of whacking the runner with the ball.

Nigel Jackson and the other Mars then runners were all out last night doing long distance work. Games and Enos are doing remarkably well and either of the runners is a possible winner.

TRACK MEET.

ALL SCHOOLS

SPORTS TODAY

MANY RECORDS

MAY BE BROKEN

This afternoon at Alexander Field

the much talked of and debated triangular track meet between the Oahu College, Kamehameha Schools and High School will take place.

The meet promises to be the best ever pulled off, and many people feel confident that the 100 and 220 yards records will be broken by either Rico or McKenzie. Both runners are in the pink of condition and Rico, if hard put to it, will certainly scrape inside the 10 seconds for the 100 yards.

The Kams have no less than 23 men on the team, and the probabilities are that they will score so many seconds and thirds that they may win out in the meet.

The officials of the meet are as follows: Clerk of course, Lorrie Anderson; announcer, John Anderson; timers, Ben Clark, V. C. Driver and Dr. Hand; finish judges, Captain Low, C. F. Chillingworth and Lieutenant Bowen; field judges, Paul Withington, Mr. Larimer and Mr. Odell; referee, Paul Super; starter, Mr. Hopwood; scorer, Mr. Schmutzler.

The team of the Kamehameha Schools consist of twenty-three men, this being almost twice the amount entered by the High School. The Punahous have sixteen entries and McKinley twelve. The teams are as follows:

Kamehameha Schools—H. Godfrey (capt.), No. 1; C. Hoga, 2; H. Brant, 3; E. Noah, 4; A. Alua, 5; A. Lewis, 6; D. Hila, 7; W. Waiwala, 8; J. Bal, 9; B. Puhia, 10; A. Poepe, 11; V. Kamalopili, 12; J. Kauli, 12; E. Hoga, 14; G. Gora, 15; Benjamin, 16; Chung, 17; Miliaka, 18; Kalai, 19; Wilcox, 20; McGowan, 21; Muller, 22; Amos, 23.

Oahu College—W. Dasha (Capt.), No. 24; M. Mackenzie, 25; J. Podmore, 26; W. Hooge, 27; W. Underhill, 28; Ran. Hitchcock, 29; C. Hoogs, 30; Rex. Hitchcock, 31; W. Paty, 32; D. Ross, 32; H. Bond, 33; J. Sabey, 34; A. Anderson, 35; S. Gibb, 36; P. Young, 37; L. Williams, 38; C. Damon, 39.

McKinley High School—W. Rico, (Capt.), No. 40; W. Rosa, 41; M. Kawamoto, 42; J. McCandless, 43; S. Hoga, 44; C. Dyer, 45; A. K. Norton, 46; H. Chillingworth, 47; H. Yap, 48; H. Brown, 49; A. White, 50; S. Bush, 51.
